The Mam Supt also having also written to say on 28/2/33 (Flag S.) that no wife was available in his office re Bharatiput Bernabaty Village having at any time belonged a part of Mam Bernabaty Village the Mc. instructed the DC. to inform the petitioners. It is this order of the Mc. that is now appealed against. The said report is invited to the remarks in Col 19 of the Mam Register of 1871 extract pertaining to Bernabaty Village (Flag A). In para 2 thereof it is stated as follows:—

The copper plate Sanad which is very ancient grants for a Competent Chief Conveys not only full powers of alienation to the grantee but also confers on him & his heirs all right to what is hidden in the land & what is above it. Somehow or other and when, it cannot be precisely said, a portion of this Village was resumed and poligar or Jodi was created upon the remainder and the Charges upon the remainder as mentioned from shown in Col 9 has been paid for the last 50 years leaving this & other Villages covered by the grant in the hands of the Inamdar.

The Govt does not fluctuate & the full amount is paid under all circumstances.

2) It is clear from the above that even in 1870 it is observed that Govt is being paid for 50 years before it 115 years back for now, and the reason for levying Govt is not known.

In these circs it is for consideration whether the question requires any further investigation. Perhaps the petr may be informed that Govt do not see any reason to change the orders of the Govt. and that his appeal request cannot be granted.

Muzarai No 397-33-14

Muz 40-33-1.

To

The Government of His Highness the Maharaja of Mysore.

The Humble Appeal of the undersigned against the order of the Muzrai Commissioner dated 2[illegible]-5-33 communicated to the Appellant per G.C. 14/[illegible]-33 dated 1[illegible]-5-33 of the Shimoga Taluk.

The Order under Appeal is impugned as unsustainable, unjust and inequitable and also inadequate regarding the points raised in the grievance urged in the original petition dated [illegible]/5-8-193[illegible], and the Petitioner appeals against same on the following and similar grounds.

The letter of the Deputy Commissioner, Shimoga District, is based on no inquiry regarding the time when the villages were first made over to the Math and on what conditions and the time when Jodi was first levied and recovered and as to what was being paid by the Matha when the management changed hands from the Government to the Math Authorities. The inquiry does not touch the time of original gift-grant evidenced

by

by any record which goes against the contents of the copper plate sannad a copy of which being printed in canarese character accompanies the original petition. The five villages were - granted, as contended by the petitioner relying on the Plate Sannad, at one and the same time with equal rights to all the reserved trees and minerals, in Sarva Inam. The copper plate which is present with the Math was not required to be produced and any pronouncement made as to its genuineness and reliability. Any records which showed that these five villages were not granted at one and the same time with equal rights or varying rights are not forthcoming to contradict the plate Sannad. The Math contends that these five villages were granted in Sarva Inam at one and the same time, under one and the same deed by one and the same Grantor. This question - cannot be set at rest until and unless the history of how and when these villages left first Government hands and on what terms is satisfactorily ~~made~~ traced out.

Here arise points:

When were these five villages granted to this Math in Inam and in which character as Jodi or Sarva Inam and what rights and liabilities followed the grant?

Were they granted at different times with varying rights or at one time with equal rights and liabilities as contended under the Plate?

6 If they were granted or gifted as Sarva Inam the levy of Jodi on three of the five villages is an unjust subsidy from which the Math justly claims relief in equity and in its own rights derived from the grant under the copper plate Sannad.

7 The Math is aggrieved to see that the order complained so superficially disposed of the matter of grave importance to the Math.

8 The inquiry has not been as deep and thorough as the gravity of the case might under the circumstances, require and the inquiry by way of reports is deemed to be very unsatisfactory if not perfunctory and superficial.

The Appellation "Bharatipal" derives its origin from this Madhava Math and cannot be one given by the Government or usage.

The portion was, the rumour goes, detached from the entire Beernahalli granted under the plate Sannad to benefit the descendants of one of the Holy previous Swamigalavaru of this Math who have been enjoying the same as Khatedar under Government: the Math has been defrauded and placed disadvantageously regarding its ownership of the entire village as under the plate grant.

The letter in question states that the villages three now in question have always been treated as Jodi Inams. From what time they have been treated as Jodi Inams and were they from the time of grant that it is from inception been so

treated

treated or latterly been so treated is not made clear.

The Petitioner now Appellant prays that the question of the grant of these five villages may be gone into fully and any absence of records in the several offices (Revenue, Treasury, Survey and Settlement Offices) may be supplemented by the production of the copper plate sannad (Tamrashasana) present in the Math and relying on which the subsidy or levy of Jodi on three out of five villages has to be removed as unjust and inequitable recognising their rights pertaining in pursuance of the gift-grant.

That the Math have been so long making the quit-rent payment is not to be taken as silence meaning consent viewing the matter in its just and equitable state.

These are five villages all of which being on the banks of the Bhadra and the Tunga Bhadra River were granted all in Sarva Inam on a Parva day and the closing verses make it incumbent ~~that~~ that the Math be restored to its original rights and liabilities thus respecting the Preamble of the Muzrai Regulation and the spirit of the letter No. 2869/Muz.329-27-6 dated 15-5-28 from the Financial Secretary to Government to the Muzrai Commissioner in Mysore adverting to Deputy Commissioner's letter No. 663/1-5-28 (~~vide~~ Kudli Math Succession) and keeping in tact the Devadaya Properties endowed and bestowed long since on the Holy Institution.

The order complained against does not say anything about Hurlihalli which was also prayed in the Petition to be made Sarva Inam on the common ground that it is one of the five villages covered by the Plate Sannad Grant.

The Appellant-Petitioner therefore appeals to the Government of His Highness the Maharaja of Mysore that the reference-Order be set aside as untenable, unjust and inequitable on grounds set forth in this Appeal Memo; and fresh orders issued in conformity with the terms of the original gift-grant evidenced by the Tamra-Shasana or Plate-Sannad of which the Math is in possession, enquiry being ordered to commence from the time when the villages first left the hands of Government and came to be owned by the Math, the levy of Jodi Subsidy being ascertained from the Government Records and Treasury Accounts of later date than the date of the above Tamra-shasana which clear up the time and reasons assigned at the time for the levy of this quit-rent subsidy on three only of the five villages and the resumption of - Bharatipal portion of Beerenahalli.

The Appellant submits that his petition may be granted and the points raised be settled satisfactorily once for all.

In the account of 1840 it is mentioned that a late priest Raghupathi Swamy obtained this village in exchange for his Inam Village of Chennegowdanahally from Somappa Naik in A.D. 1738.

In all the Jari Inam accounts this village was entered as the Inam of this Matt.

To be confirmed free of tax so long the Matt and the institution are in good order.
